

Metallic Sign Making

Durable and Stylish

WL Concepts specializes in the fabrication of metal logos & more. As an industry leader in metal work, we are pleased to offer our clients a blend of technology and craftsmanship to create custom business signs. We produce a wide variety of corporate signs, ADA signs, wall signs and just about any signage product for any need. From custom logos to architectural and environmental graphics, WL Concepts creates interior signs and exterior signs for a variety of industries.

Our cast signs can be fabricated in aluminium or can be cast in iron and bronze. The art- work for these signs can be chosen from a gallery or we can work from photographs or sketches to produce a custom mould. These signs are popular due to their traditional appearance.

We produce signage solutions in the following areas;
